

DAILY EXAMINER.
WACO, SATURDAY JAN. 24.

From Austin.

AUSTIN, Jan. 21.—Comptroller Bledsoe to-day turned over his department to Mr. Darden, whose bond was approved.

It is stated that Bledsoe has kept aloof from the late manipulations of the Davis faction, and that he has avowed his determination all the time to abide the result, without having taken part. Both Houses of the Legislature are working earnestly.

This will, if necessary, be a long session, and since it is generally conceded that there is to be no Constitutional Convention called, the Legislature will make all necessary laws, and repeal those that are obnoxious. Besides, there are now being prepared articles of impeachment against several judges.

There is a petition in circulation here to-day requesting signatures asking Governor Coke to appoint A. Bledsoe Superintendent of the Blind Asylum. I hardly think it will prove a success.

It is reported that Governor Davis is preparing a petition to Circuit Judge Woods, praying for an injunction to restrain Governor Coke, and other State officers of the Fourteenth Legislature from exercising the functions of the offices that they now hold. Judge Woods has been in this city for several days, attending the Federal Court, which is now in session.

The State Journal of last night contained what purported to be Davis' correspondence with the authorities at Washington, and the interview with Messrs. Reagan, Culberson, Savers Bryan and others, last week, which, he says, was taken phonographically. There are many things omitted in his statement, and several statements attributed to wrong persons. He also states that the committee proposed to acknowledge him as Governor till April 28, if he would recognize the Fourteenth Legislature.

This was not exactly the case. They asked him if they could induce a postponement of Coke's inauguration would he acknowledge them, thereby securing peace? This he declined. They told him they did not believe him entitled to hold till then, but believed that much would be conceded if a peaceful solution of the affair could be obtained thereby.

The Journal says they failed last evening for the want of paper. It appeared again in this evening on a half sheet.

The resolution introduced by Senator Russell, re-incorporating the city of Brownsville, requires a city election on the eighth of October.
